

Monthly Specials!

At the Animal Hospital of Oshkosh, we are dedicated to providing the highest quality of medicine to insure your pet's health and well being. Preventative care, including blood profile screening for diseases, as well as dental care and parasite prevention, is essential to maintain a healthy pet. Each quarter we will promote a different monthly special targeting important aspects of veterinary care for your pet.

January is Geriatric Wellness month.

February is Dental Health month.

March is Parasite Prevention month.

Our caring doctors and staff are here to serve you and your pets.

January Special

Geriatric Wellness Month

We recommend that all pets over the age of 7 should have a Geriatric Wellness Profile performed. This includes a Complete Blood Count (CBC), full Chemistry Panel, a Thyroid Level (T4) and a complete Urinalysis.

Geriatric Wellness Profile

February Special

Dental Health Month

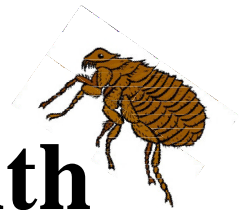

75% of dogs and cats over the age of 3 have dental disease. We recommend proper oral care for your pet's overall health and well being. Stop in for a FREE oral exam to see if your pet's teeth need attention.

10% off
all dental services and dental products

March Special

Parasite Prevention Month

Most parasites are microscopic and can't be readily seen, yet these scavengers can cause serious harm to your pet.

20% off
all fecals and dewormers
